ETE4607SA - 460L stainless steel top mount

Product Details

Features

Energy efficiency

Enjoy a big performance without a big bill. Our refrigerators are the most energy efficient in their class, so they're kind to the environment and your wallet.

FreshZone™ Double

Insulated Crispers
Designed to maximise food preservation for fresher, better tasting food, the double insulated crispers increase temperature stability and humidity levels in the crisper.

FreshPlus Cooling

Keep your ingredients at their fresh flavourful best. When the fridge door is open, the innovative FreshPlus technology immediately begins the recooling process to replace the lost cold air faster when the door closes. This ensures better preservation of farm fresh food and helps minimise waste.

MultiZone™ Deli compartment

Designed to isolate odours and seal in freshness, discover the perfect place to store your artisan cheeses, cured meats and deli items safely away from other ingredients.

Multi-function electronic touch controls

Ideally located on the inside of the cabinet, you can set the temperature and use functions such as boost mode, fast ice, holiday mode and drinks chill with just a touch of a button.

LED Lighting

With our new LED lighting at both the top and sides of the fridge, the light-filled interior illuminates the content of your fridge so you can find anything you need quickly and easily.

Mark resistant, high quality stainless steel

The invisible, mark-resistant coating is easy to clean and helps protect the fridge exterior from fingerprints and grime.

FlexStor™

It's never been easier to get organised with our door compartment storage system. By simply lifting and sliding, you can adjust the height and position of the door compartments to fit both small and large items. With FlexStor™ you can change the configuration whenever you need to customise your refrigerator.

FreshSense™ deodoriser

The in-built Fresh Sense deodoriser freshens the air and absorbs strong odours like seafood and cheese, to keep your fridge smelling clean and fresh.

Multi-flow air delivery

The intelligent airflow system evenly disperses air to ensure optimum temperatures so your food is kept fresher for longer.

Twist ice and serve

With a compact design and two removable ice trays, entertaining is a breeze when you always have ice ready for drinks.

Fridge & freezer door alarm

An alarm sounds if the door is left open to help keep the interior cool and reduce the risk of spoilage.

Frost free

Save your precious time with a freezer that doesn't ice up and need manual defrosting.

R600a refrigerant

Our fridges use R600a, a non-synthetic refrigerant that's more environmentally friendly than the commonly used R134a.

Boost mode

After a large grocery shop, use the Boost function when adding food to your fridge, so that the temperature decreases for 90 minutes before returning to the

Drinks chill

Use the handy drinks chill feature to remind yourself when to take your drinks out of the freezer.

Benefits

The leader in energy efficiency

Designed with your needs and the environment in mind, the Electrolux FreshPlus refrigeration range sets new standards for energy efficiency. So not only will you enjoy lower running costs and a smaller environmental footprint, you'll also benefit from an ingenious design and an outstanding performance without compromise.

Maximise food freshness

The fresher the food is, the more delicious the taste. By increasing the stability of temperature and humidity levels in the double insulated crisper, food preservation is maximised. And that means better tasting farm fresh ingredients for all of your favourite dishes.

The FreshPlus™ advantage

Did you know that your fridge door is one of the most opened doors in your home? That's why we created our innovative FreshPlus™ technology. Designed to maintain the perfect temperature and detect when the fridge door opens, it immediately begins re-cooling to replace cold air for fresher, longer lasting, great tasting food.

Superior styling

With sleek styling, generous interior space, high-quality mark-resistant stainless steel, and LED lighting, Electrolux FreshPlus™ refrigerators bring the utmost style to your kitchen.
