BENEFITS

FlexFresh™ Fully Convertible Drawer

Whether you are preparing the perfect frozen dessert or need that extra drink space, we make sure that your refrigerator is the ultimate secret to the perfect night of entertainment. At the touch of a button, the fully convertible entertainers drawer can adjust from -23C to +7C*, with 5 predefined settings so that you can enjoy food at its finest.*within 2.5 hours

SmartSplit Door Design

With optimally split doors you have more usable space in your refrigerator door and can effortlessly reach for larger items, saving you the need to open both doors every time.

TasteLock™ Easy Glide Crispers

TasteLock crispers with automatic humidity control ensure your fruit and vegetables are preserved in the optimal environment. Designed with your comfort in mind, the easy glide crispers open effortlessly and provide easy access even when they're full.

Connectivity

Fresh ingredients form the most important part of every meal. With the new Electrolux app, you can confidently know that your produce is in the desired conditions by being able to monitor & adjust its temperature from the palm of your hand. Set your Entertainers Drawer to the right temperature when you're out gathering fresh produce, and receive alerts through the app when the desired temperature is reached. Ensure you always have fresh filtered water, as you get a reminder when its time to change the filter cartridge, or an alert when the door is accidentally left open. Let the refrigerator do the thinking so you can effortlessly plan your next get together.

Connectivity Terms & Conditions

Minimum requirements: iPhone6/iOS 9.3/Android 4.3 and above. You will need to install the Electrolux Life app, create an Electrolux account and accept the Terms and Conditions and Electrolux's Privacy Policy in the app to use the connected features of the fridge. Internet and Wi-Fi connections are required to use the full features of the app and the fridge. Minimum requirements, apps and services are subject to change without notice.

Filtered Ice and Water Dispenser

Now you can enjoy continuous cool filtered water, as well as cubed and crushed ice at the touch of a button. The innovative water tubing is integrated at the top of the refrigerator to maximise interior space, while the ultra-slim water dispenser ensures you can effortlessly enjoy refreshment whenever you need it.

UltraChill

The UltraChill setting is a deep chill at -2C which keeps meat and fish fresh in optimum condition for longer without freezing. This ensures the fresh texture is maximised and moisture loss is reduced compared to regular deep freezing. This saves your time defrosting meat and more time to enjoy with your guests.

Snacks Storage

Store your specialty meats and cheese at 3C, the ideal temperature for storing your antipasto platter, ready to be enjoyed when your guests arrive.

Drinks Storage

Store your drinks at the ideal temperature every time by setting the drawer at 7C for perfectly chilled wine and champagne, or at 0C for icy cold drinks.

Slide Back and Flip Up Shelves

With the ability to slide back and flip up some of the refrigerator shelving, your taller Instagram worthy creations stay in one piece, ready for the big reveal.

SnackZone

The SnackZone is the ideal compartment for keeping those smaller ingredients separate for easy access such as fruit for your morning smoothie allowing you to be prepared before the week begins.

Personalise your refrigerator with FlexStor™

With FlexStor™ you'll enjoy the convenience of being able to easily adjust the configuration of the door bins in your refrigerator door. Adjust the height and position of the door bins to fit in large and smaller items to arrange your fridge your way.

Mark resistant real stainless steel

Mark resistant real stainless steel makes it easy to maintain the stylish look of the product.

TwinTech Cooling System

Two independent cooling systems work together to deliver lasting freshness. One cooling system chills the freezer so no frost builds up. The other cools the refrigerator, providing stable temperature and humidity.
