Egg tray	Rear rollers	Adjustable front rollers	Hidden hinges

Product Details

Benefits

FlexSpace™, it's size redefined

With a busy lifestyle and a growing family, you can always do with more space in your fridge. That's why Westinghouse created FlexSpace™, which is designed to maximise storage, flexibility and access to meet your ever-changing needs. Big enough to handle even the biggest grocery shop, you'll be able to fit in all your food and drinks with ease.

Adjustable storage solutions with FlexStor™

As your family changes and grows, so do the requirements of your fridge. With FlexStor™ you enjoy the convenience of being able to easily change the configuration, whatever your needs. Adjust the height and position of the door bins to fit in large and smaller items and arrange your fridge your way.

Get organised with the FlexFresh™ Crisper.

Not every grocery shop is the same. Sometimes you need extra room for things like celery, while other times you need equal space for your fruit and vegetables. That's where the adjustable crisper divider comes in. Created to provide greater flexibility, it can be adjusted lengthwise to give you the space you need.

Spillsafe glass shelves

From time to time, accidents happen. And when they do, you want to minimise the extent of the damage. Spillsafe(TM) shelves can capture up to one litre of liquid, so you can contain the spillage to just one shelf instead of the whole fridge.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	2
Refrigerator Type	top mount
Exterior door finish	White
Handle design	integrated
Fridge door opening	left or right
Cooling system	frost free
Refrigerant	R600a

DIMENSIONS
